Careers

JCU Travel Medicine graduates have skills and knowledge that can be utilised in many settings within the healthcare industry.

Graduates pursue careers in public and private hospitals, clinics and health-based organisations.

You could find employment as a travel health consultant or enhance your professional practice.

You apply directly to JCU, either by a form you download, complete and return, or by using an online application process.

Just [find the postgraduate course you want to apply for](#), click on the 'Apply now' link, and then follow the process specific for that course.

Your application must reach us before the application deadline for your course.

ENTRY REQUIREMENTS

Postgraduate courses will usually require completion of an appropriate undergraduate degree for entry. You'll need to include certified copies of qualifications and academic records with your application. For some programs, appropriate work experience or equivalent qualifications will be considered.

The entry requirements for each course are included on the Apply now page for the course.

FURTHER INFORMATION

To find out more, call 1800 246 446 or contact the [Student Enquiry Centre](#).
