

The Master of Public Health equips students with a versatile skill set encompassing epidemiology, strategies for health promotion, leadership, and management and community-focused interventions.

Postgraduate courses with qualifications

At JCU, we offer a range of postgraduate courses that can be completed in a shorter time frame than a traditional three-year undergraduate degree. These courses are designed to provide you with the skills and knowledge you need to advance your career or research interests.

ENTRY REQUIREMENTS

Entry requirements for postgraduate courses vary depending on the course and your previous qualifications. Some courses may require a bachelor's degree, while others may accept relevant work experience or a diploma. You can find more information about the entry requirements for each course on our website.

FURTHER INFORMATION

For more information about our postgraduate courses, please contact our admissions team on 1800 246 446 or visit our website at www.jcu.edu.au.
