At JCU, you'll get plenty of hands-on experience. You'll be able to put your knowledge into practice in a real-world setting. This will help you develop the skills you need to succeed in your career.

# Bachelor of Pharmacy (Honours)

# Why choose pharmacy?

## OPEN THE DOOR TO A RANGE OF CAREER OPTIONS

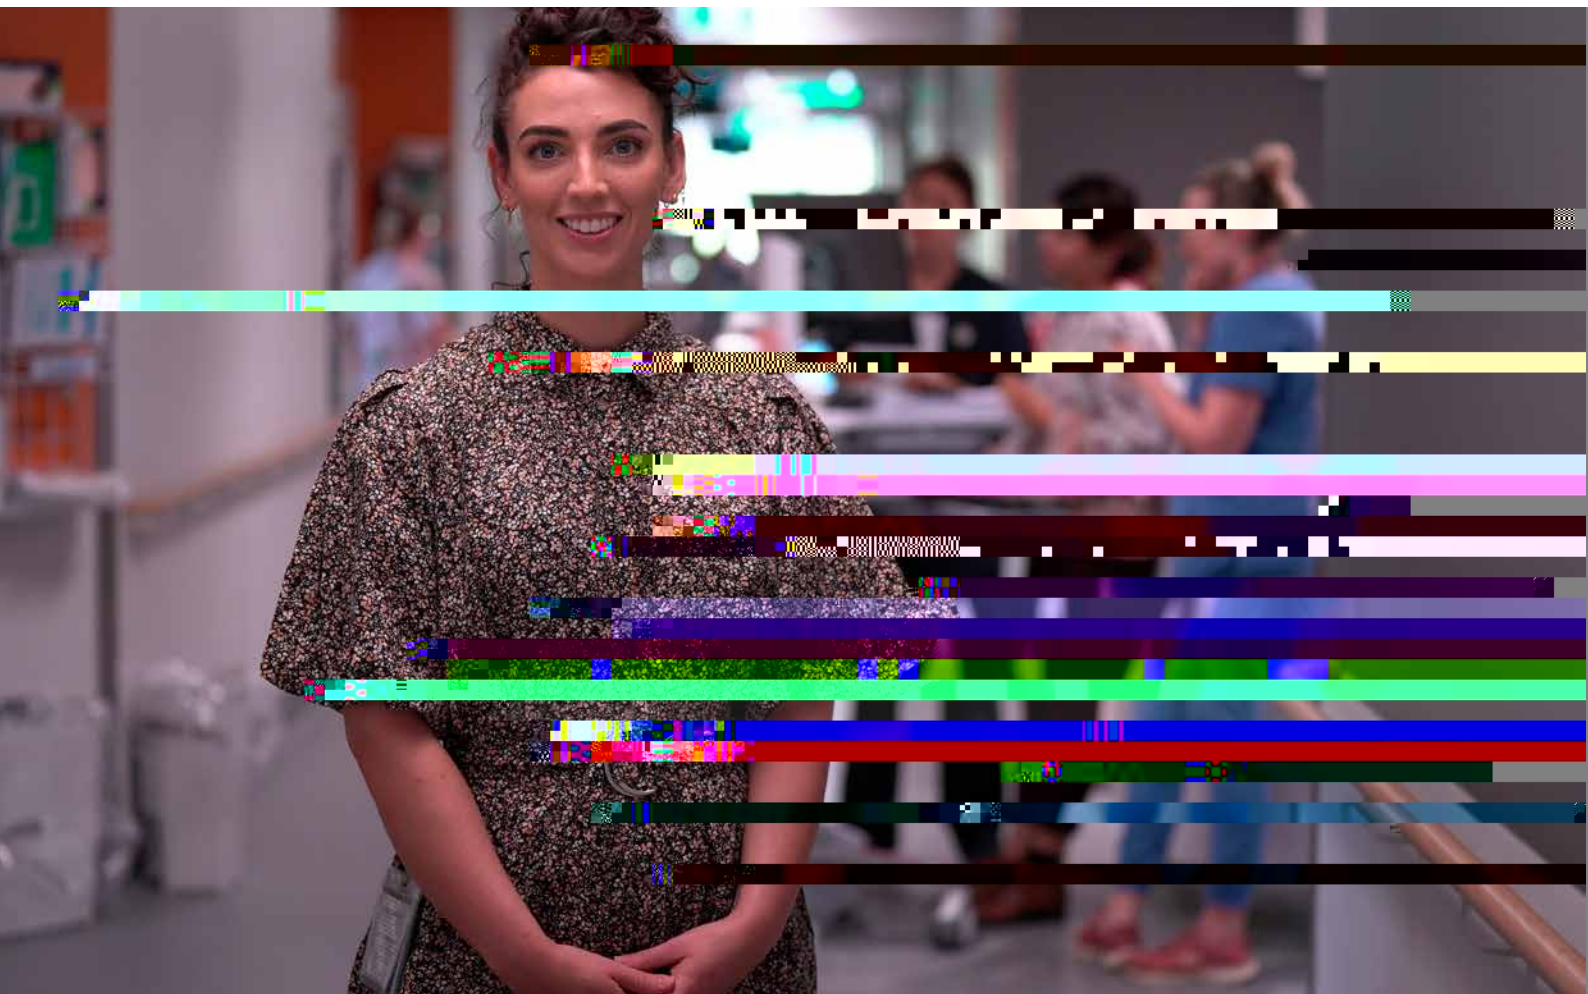

Pharmacy can lead to a range of careers, including working in retail community pharmacy stores, hospitals, Defence Force, research and drug development, aged care facilities, GP and health clinics, home visits, health service management and much more. As well as dispensing medications, retail pharmacists often provide a range of services, such as health and medication advice, vaccinations, health check-ups and reviews of medications.

*Since I've done pharmacy, no one has been able to tell me that there is no career in pharmacy and it's not rewarding. It really goes to show the difference it can make to someone's health.*

– Kate Gill, JCU Bachelor of Pharmacy Graduate

## CHANGE PEOPLE'S LIVES

Pharmacists are on the front line of health care, making a difference
